Creating your *ultimate boating experience* is our passion.
ESCAPE, ON A WHOLE OTHER LEVEL

EDITION 17.1
Our 14-hectare, state-of-the-art manufacturing facility on the Gold Coast of Queensland, Australia. This is the largest facility of its kind in the Southern Hemisphere. Each year, this world-class facility plays host to the educational and fun-filled Riviera Festival of Boating.

What sets Riviera and Belize apart as one of the world's great luxury motor yacht builders? Is it the devotion to quality, standard of materials used, the ocean-tested structural strength, unsurpassed ease of operation, or the stylish, handcrafted luxury finish? Or perhaps it's the famous culture of care that transforms owners into the 'Riviera family'.

The answer is all of the above, and more. Much, much more. Over 37 years and the building of over 5200 luxury motor yachts, the 550-strong Riviera and Belize team have been on a continuous quest of evolution and refinement. This remarkable heritage of knowledge matched by innovation allows us to marry the best of the time proven with the exciting and new. Witness our introduction of cutting edge touch screen digital technology and joystick maneuverability, which make navigating and operating a Riviera and Belize luxury motor yacht a relaxed and enjoyable experience.

Located on the Gold Coast, Queensland we build on the notable Australian qualities of strength, practicality and love of water in the continent completely surrounded by three oceans and four seas. Then we test our designs in some of the toughest offshore conditions on earth. Hardly surprising that Riviera luxury motor yachts command impressive resale values worldwide.

Today, you can choose from five individual designs that make up our fabulous collection of luxury motor yachts, the Riviera Flybridge, SUV, Sport Yacht or Sports Motor Yacht models, along with our more traditional Belize Collection. All will withstand virtually anything the elements and you can put them through, with poise and ease.

Naturally, we back this confidence with an industry-leading 5-year limited structural warranty. In addition, with all our Volvo Penta powered yachts, we offer a 5-year limited warranty covering helm station controls and multi-function displays, steering and propellers, plus pod drives and engines.

In our experience life is too short for needless compromise. So when it comes time to invest in your next yacht, why settle for a lesser option when you can enjoy all that makes up a Riviera or Belize.
THE REASSURANCE OF OWNING A RIVIERA

The growing Riviera global network of dealers now spans the globe. Find your nearest dealer at RivieraAustralia.com

Owner Care at Riviera and Belize is in a class of its own. Premium quality, professional and personal, it is all designed to be of the highest quality, in keeping with the world-class luxury motor yacht we are building specifically for you.

Like thousands of other happy owners, we are confident your every experience of dealing with us and our global dealer team - from selecting your favoured options, electronics and decor, through to routine maintenance and repairs - will be conducted with the upmost respect and care.

Our highly skilled team consult and partner with internationally acclaimed naval architects, designers and engineers to ensure we fully embrace the latest, most exciting industry standards and trends.

Constant communication with the worldwide family of Riviera owners also plays a vital part in helping guide and inform our new model development program.

All this pride in performance ensures Riviera will continue to exceed the evolving needs of discerning luxury motor yacht enthusiasts like you.

For nearly four decades the Riviera and Belize team have been preoccupied with the relentless pursuit of excellence. That means never being satisfied with the status quo, rather forever looking to improve and refine our knowledge base by embracing the latest technologies and work practices.

All these endeavours are directed towards creating a superior luxury motor yacht experience for you. They have also garnered us enormous acclaim from the global boating industry along the way.

Over the years Riviera have accumulated a vast collection of local, national and international awards recognising ‘world’s best practice’ across the fields of education and training, employment, innovative manufacturing techniques, export, quality of workmanship and pioneering design.

More than testimony to our passion for handcrafting superior luxury motor yachts, they are your assurance of ‘The Ultimate Boating Experience’ when you decide to own a Riviera.

The more time pressured modern life becomes the more precious escape becomes. So has there ever been a better feeling ... time better spent ... than striking out for blue-water with friends and loved ones onboard your new Riviera 57 Enclosed Flybridge.

This is pure unadulterated escape - escape on a whole other level of luxury and indulgence. Three levels in fact ...

Escape made even more enjoyable by an astonishing array of intuitive technical virtuosity serving all needs onboard, whether you’re skipper, host or guest. The expectation of great sights, good times and memories lie ahead. And there’s no better feeling than watching smiles appear and stress disappear, as you slide further and further from shore.

The Riviera 57 Enclosed Flybridge is a superbly designed craft. As beautiful as she is structurally strong. And being an Australian-built Riviera, she will power dreams of escape for decades to come. Over three levels of luxurious, handcrafted, on-water living, she will inspire and delight you with more space, more light, more headroom than you thought possible. Generous. Gorgeous. Unprecedented.

Above and below, that unmistakeable Riviera attention to detail impresses: fastidiously polished, handcrafted timberwork, gleaming stainless steel door frames and rails, spectacular surround glass and views. It's all been designed to create a superior quality of life. And it succeeds spectacularly.

The Riviera design team offer you a choice of industry-leading, Volvo twin shaft-drive or twin pod-drive propulsion systems to power your dreams. Linked to large touchscreen and navigation displays housed in the luxurious flybridge helm, it all works in harmony to make the Riviera 57 the most innovative and easiest-to-skipper motor yacht in its class.
EVERY GREAT ESCAPE STARTS HERE

Cruisers, entertainers, adventurers, anglers: with the selection of your preferred options at build stage, the Riviera 57 can realise every owner’s individual dream. And they all commence here, at the ultra wide boarding platform.

The strong double transom doors open out to extend the cockpit living space and make access easy from port or starboard. So now you’re onboard, all set to escape, but before you do, take a moment to appreciate Riviera attention to design detail.

There’s the truly impressive dimensions, abundant storage and refrigeration compartments, the large glass sliding door and awning window forward that, when opened, will link this cockpit space to the saloon inside creating one seamless, expansive whole. It all constitutes a magnificent, flowing and thoroughly enjoyable way to savour life onboard.

The sheer size of your Riviera 57 cockpit offers enormous lifestyle advantages. Large enough to introduce occasional furniture to welcome and entertain loads of guests, big enough to accommodate a club of keen anglers and all their gear ...

Riviera designers have made true cockpit flexibility central to their design vision. So, keen anglers can specify a game chair thanks to the inbuilt alloy plate in the cockpit floor, just as easily as the cruising family can insist on a superbly finished timber dining table.

Here, in a cockpit outfitted for cruising, dreams of escape take on fabulous reality. Look, that’s highly finished teak decking, soft and luxurious underfoot. And overhead, a sweeping, stainless steel- framed awning shades the mezzanine space - inspired yet practical; very Riviera.

Now picture friends and family laughing, sharing and unwinding. There they are now, gathered on the plush, L-shaped mezzanine lounge around the handcrafted cockpit table, trading remarks with more guests seated on the optional transom lounge opposite. And there you are, off to starboard, tongs in hand at the gourmet double barbecue centre, complete with drawer-stye fridge, icemaker and sink.

These are the 57 escapes dreams are made of. The only question is ... will you ever want to come back?
FEATURES, INCLUSIONS AND OPTIONS

Deck Overview

- Stainless steel Ultra anchor with galvanised chain
- Anchor chain chafe plate to protect the bow sprit
- Anchor chain stopper fitted to the deck
- Anchor locker with rope/chain divider offset to starboard and accessed via deck hatch
- Anchor safety strap
- Vertical anchor winch with overload protection circuit breaker to suit rope and chain, with up/down switch and remote to the helm
- Heavy-duty stainless steel bow roller is self-loading through bow sprit
- Two pop-up fender style cleats to cockpit coaming
- Eight stainless steel 13" cleats — bow (2x), spring (4x), cockpit (2x)
- Fairleads (2x)
- Fender holders to bow rail
- Impact and UV-resistant, white PVC gunwhale rail with stainless steel insert strip
- Fresh and seawater wash-down outlets at the anchor locker, including hose
- Optional upholstered and cushioned sun pad with stainless steel rails
- Optional davit with low-profile retractable boom, hydraulic luffing and manual slewing

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

GREAT STORAGE, SAFE PASSAGE, MORE ENTERTAINING

The Riviera 57 Enclosed Flybridge is a superbly designed craft high on practicality and lifestyle choice for owners. Take the sweeping foredeck area. It offers you the option of a davit and storing your tender here or, courtesy of a large sun pad, transforming the space into another onboard entertaining area with frequent out-of-this-world views.

No wonder your 57 foredeck can be a powerful attraction for all manner of guests, children and pets among them. Safe passage is assured courtesy of wide side decks featuring thoughtfully placed handrails, a high bowrail that runs well aft and raised, toe-kick bulwarks. And because high practicality and fine appearance should work together, you will note that the bow rail is highly polished, marine grade 316 stainless steel, as are all the exterior fastenings like cleats and fender holders.

Deep anchor lockers store the anchoring equipment thoughtfully hidden from view and the elements, yet close to hand when needed. Should you decide to store your tender on the boarding platform, you can exercise another option to create a private solarium area by fitting a soft, comfortable double sun lounge with stainless steel rails. It is a great place to escape.

Then again, so is the entire craft.
FEATURES, INCLUSIONS AND OPTIONS

Galley Overview

- High-quality, timber-patterned flooring
- Solid surface bench top in your choice of a range of inspiring colours
- Built-in overhead cabinetry above and below the bench with positive locking hardware and available in oak and teak with satin varnish finish
- Stainless steel sink and mixer tap
- Premium brand combination oven and microwave with grill
- High-quality electric induction cooktop with three elements and rangehood
- Two drawer-style refrigerators
- High-end drawer-style dishwasher
- Overhead LED lighting
- Optional Riviera galleyware package
- Optional cherrywood interior with high-gloss varnish finish.

COME ON, JOIN US ON THE INSIDE

The Riviera 57 Enclosed Flybridge boasts a generous beam. Quite clearly, it opens up a whole new dimension of design and living possibilities.

Consider all you survey here. A fine roomy galley transforming into an ultra desirable saloon space, all surrounded by ever changing views of such quality and variety they’re most often reserved for five star hotels and restaurants.

The rear saloon bulkhead of your 57 consists of tinted and tempered glass set in a polished stainless steel, ship-like frame. Solid? Very. Close it – and the awning window aft from the galley – and you are luxuriating in an exclusive sanctuary. But leave the bulkhead and window open, and here in the galley - with its stainless steel appliances, spacious benchtops and wonderful cabinetry - you are at the centre of everything.

Conversing with cockpit guests, passing comments and fine delicacies to those in the saloon or the cockpit ...
SALOON LIVING ON A GRAND SCALE

Picture looking up from reading your book to spy an albatross hovering just above the water in the near distance, filling the view from your surround glass windows. That’s a Riviera 57 saloon moment.

Watching first-time guests enter this generous space, turn their heads side to side and take in the uninterrupted sight from bow to stern, port to starboard. Their reactions sparkle with delight. That’s another Riviera 57 saloon moment.

This is your luxury waterside retreat, blessed refuge and entertaining mecca all in one that puts a whole other level of ‘style’ into lifestyle. Over the years at many different ports and anchorages, a wonderful assortment of dinner guests are sure to applaud your choice of cruising yacht.

And just wait until you experience the saloon ambience and timeless inclusions first hand!

Usher guests into the large, comfortable L-shaped lounge to starboard, then offer them refreshing sundowners from the saloon’s superbly finished cocktail cabinet. As the sun sets all around, filling the scene with exquisite golds and reds, the group retires to the C-shaped lounge and dining table area, easily large enough for six. You propose a pre-dinner toast to friends, family and shared moments.

As with all enclosed areas on the Riviera 57, the saloon features reverse-cycle air conditioning. Tonight though the weather is so balm, you elect to slide open the side tinted glass windows (while leaving open the awning window and saloon door) to fill the saloon with fragrant tropical fresh air.

After dinner, you’ll leave it to the group to decide on more conversation or enjoying first class entertainment from your state-of-the-art home theatre/surround sound system, discretely housed in its starboard compartment.

FEATURES, INCLUSIONS AND OPTIONS

Saloon Overview

- Reverse-cycle air-conditioning with electric heat, split to the galley
- Premium plush pile carpet with soft underlay, available in a range of inspiring colours
- Large front windscreen in tinted and tempered glass with Black Breezeway cover
- Slide-open side windows, tinted and toughened, for additional light and fresh air
- Concealed mood and overhead LED lighting
- U-shaped varnished timber dinette to port with storage underneath
- Large L-shaped upholstered and cushioned lounge to starboard
- Cushioned and upholstered headlining
- Cocktail cabinet with bottle and glass storage
- Two drawer-style refrigerators and two drawer-style freezers on stainless steel runners
- The premium entertainment system in the main living area includes a large flatscreen TV integrated into Yamaha AV receiver with Apple TV, Airplay, Bluetooth, Blu-Ray and second zone to cockpit, five Bose speakers and subwoofer

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.
TAKE IN THE VIEW FROM THE TOP

Access to the flybridge area is a typical Riviera work of art — a stylish floating internal staircase with teak treads. A pleasure to climb and very rewarding once there. This fully enclosed flybridge is a revelation — a spacious mix of sublime comfort, peerless visibility and technical excellence.

You are in a commanding position that makes reading and adjusting to prevailing sea conditions easy, even in rough weather. Here it's simple to safely navigate your chosen course.

That of course is a matter for skippers and first mates. If you're simply keeping them company, taking in the spectacular flybridge views, we want you to totally relax. So please, take your place in the enormously comfortable L-shaped lounge to port, with its highly polished entertainer’s table.

There is also a luxuriously deep chaise seat forward for those wishing to be adjacent to the helm.

Temperature to your liking? If not, we’ll adjust the reverse cycle air conditioning. Or perhaps you’d like us to activate the electric sunroof and soak up that sunshine? Drink? No problem. There is a wet bar aft with secure bottle storage and a sink. Feeling peckish? Send your order via intercom to the galley.

Aft is the rear awning window and sliding door — both set in strong, highly polished stainless steel frames, just like in the saloon — opening out to the rear flybridge deck. Here you’ll find another lounge and your aft docking station, which you could enclose by fitting clears with zipper-opening panels.

And because the mood up here is so often joyous and celebratory, feel free to enliven proceedings courtesy of the four speaker CD/DVD entertainment centre with its helm remote.

FEATURES, INCLUSIONS AND OPTIONS

Flybridge Overview

- Fully enclosed flybridge with aft awning window opening out and over the flybridge deck
- High quality timber finish internal flooring
- Reverse-cycle air-conditioning with outlets at the helm, including demister
- Varnished timber table on a fixed height pedestal
- Large upholstered L-shaped lounge to the port-side with storage beneath
- Chaise lounge forward so visitors can sit in comfort whilst underway
- Drawer-style refrigerator integrated into the arm rest between the chaise and lounge
- Slide-open tinted side windows for fresh air when desired
- Electric opening sunroof for extra light and fresh air, with screen and blind
- Large windscreen in clear, tempered glass
- Window covers in Black Breezeway as well as side and rear roller blinds that match the saloon selection
- Wet bar including solid surface benchtop with sink and tapware, rubbish bin and additional storage
- Convenient stainless steel grab rails
- Hatch with integrated stainless steel ladder for easy access to the hardtop
- Cushioned and upholstered headlining with LED courtesy and red night lighting
- Entertainment to the flybridge is via a flatscreen TV integrated into an AM/FM stereo, CD/DVD player with Bluetooth, four speakers and with remote control to the helm
- The aft flybridge features teak decking
- Rear rail and midrail are marine-grade stainless steel
- Aft docking station to starboard includes start/stop switch, steering wheel and engine arms. Includes joystick and throttle in pod-drive option, or throttles and thruster control with shaft drive option

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.
FEATURES, INCLUSIONS AND OPTIONS

- Visual and audible sign for high bilge water
- Windscreen wipers with intermittent settings are pantographic with fresh water washers

Electronics

- A comprehensive range of factory-fitted electronic packages and custom features are available with everything from radar to underwater lights. Your dealer has full details.

STEP FORWARD AND TAKE COMMAND

Feel confident and at ease in command of a luxury modern motor car? Then welcome to the helm of this fine luxury motor yacht. A wealth of the most astonishing modern technology makes it touchscreen-easy to operate, even for novice skippers. It’s uplifting. Life affirming. And simply exhilarating.

Slide into the supremely comfortable, fully adjustable captain’s chair and experience unmatched visibility from three large clear, tempered glass windscreens. Now take hold of the sporty leather steering wheel. You’re all set to go. Everything here has been designed to make you a master of all that you command.

And down in the spotless engine room below, your choice of Volvo Penta conventional twin shaft-drive or innovative twin pod-drive engine systems power your every escape.

 Simply take your cues from the large multi-function display screens in front of you. The world’s easiest-to-follow, luxury motor yacht instrumentation allows you to take in full vessel, steering and propulsion controls - plus navigation and engine system monitoring - at a glance. Simple.

Here at the helm of your glorious Riviera 57 Enclosed Flybridge, you’re flying first class all the way.
Time to rest after all that entertaining, swimming, fishing, and unwinding? The accommodation deck beckons. Descend the wide companionway from the saloon and luxuriate in the wonderful natural light flooding in from the atrium above.

Take note that concealed behind the companionway’s beautiful cabinetry both your washer and dryer reside.

It’s just the excuse you need to escape for weeks (make that months) delighting in incomparable blue-water accommodation - the three staterooms and two bathrooms of your Riviera 57 Enclosed Flybridge.

Just a half turn from the main companionway, lies a world entirely apart: your master stateroom.

Riviera designers have taken the overriding theme of ‘escape’ then added layer upon layer of luxury and flair, taking advantage of the extra space afforded by full beam proportions

This is a wholly welcoming, breathtakingly generous space, a sanctuary where elegance and amenity are writ large. Quite simply you’ll want for nothing. An experience enriched by the world class views outside your stateroom windows.

Needless to say, your bed is king-sized and walk-around with generous storage beneath.

Speaking of storage, look no further than the superbly finished Riviera cabinetry along both perimeters - practical yet beautiful. Those striking timber panels behind the bed make a formidable design statement. And you’re sure to relish the cedar-lined, walk-in robe with automatic lighting. Are you being spoilt? Absolutely.

Please, take a seat in the master lounge to port and contemplate all that is before you. Natural light filters in from long sweeping hull windows highlighting soft, rich fabrics and master-crafted timberwork. It all adds up to an air of restful luxury - a wonderful antidote to the pace of modern life.

Choose air conditioned comfort or refreshing sea air from the optional opening portholes. Push a button to enjoy your state-of-the-art home theatre system. And could there be a finer sight than opening the blinds to sunrise afloat?

Rest assured, between the inspiration of Riviera designers and the marvels of nature, escape has never felt so good.
FEATURES, INCLUSIONS AND OPTIONS

**Master Stateroom Overview**
- King-sized, walk-around bed with premium innerspring mattress and timber feature headboard, with storage underneath the bed
- Long, fixed hull windows with optional opening portholes that are alarmed to the ignition in the event they are left open
- Plush pile carpet with soft underlay
- Concealed LED mood and overhead LED lighting
- Two LED reading lamps
- Upholstered and cushioned lounge located to port
- Storage cabinetry outboard with positive locking hardware
- Reverse-cycle air-conditioning split to ensuite
- Walk-in robe with cedar lining, storage and automatic lighting

- Holding tank level indicator
- Quiet operation toilet system with low water consumption and freshwater flush
- Toilet roll holder, towel rails and accessories
- Extraction fan

*Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

YOUR MASTER DESIGNED ENSUITE

Aft and designed on a complementary theme of grand elegance is the master ensuite. Just as our designers have gone beyond in creating your stateroom, they have similarly excelled here in the master ensuite.

Fresh from the pages of a fine designer magazine, you have much to look forward to. Classically proportioned yet boasting the most contemporary appointments, it is a triumph of form and function: luxurious, elegant and practical.

That's fine timber flooring at your feet and LED lighting overhead and framing the vanity mirror. A handcrafted Riviera cabinet houses your bathroom essentials and note the handsome solid surface benchtop and shapely vanity basin. And the spacious frameless shower stall next door? Well, it performs as well as it looks.

The master ensuite of the Riviera 57: sheer luxury, on a whole other level.

Volvo IPS pod drive (standard) with gyro option
FEATURES, INCLUSIONS AND OPTIONS

YOUR VERY IMPRESSED GUESTS

The wonderful experience of owning a Riviera 57 Enclosed Flybridge demands to be shared so our designers are just as passionate in creating an unforgettable cruising experience for your guests, most particularly with their accommodation.

The forward VIP guest stateroom is a shining example of our design team’s devotion to handcrafted quality, craftsmanship, attention to detail and superior finish.

The first time your guests see the queen-sized, walk-around bed, feel the plush pile carpet underfoot and admire the handcrafted cabinetry which conceals generous, cedar-lined hanging and storage space, they’ll know immediately ...you hold them in the highest regard.

This is a large and impressive space with bedside tables to port and starboard and even a vanity compartment. Your family and guests will love this stateroom’s special ambience, its expansive hull windows framing inspired views and the choice of air conditioned comfort or fresh air from dual deck hatches.

Superbly appointed and fully self contained, the VIP stateroom also features its own home theatre entertainment system. Next door is the VIP-standard ensuite with all designer facilities, including a frameless shower stall. With two-way entry, it cleverly doubles as the day head.

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.
PLEASE REFER TO YOUR RIVIERA DEALER FOR A DETAILED LIST OF CURRENT INCLUSIONS AND OPTIONS FOR THIS MODEL.

- Cabinetry with positive locking hardware.

EVERYONE LOOKED AFTER IN STYLE

Your Riviera 57 opens up a sparkling array of blue-water escapes. Fortunately, Riviera designers have anticipated your need to accommodate extra guests, children or grandchildren eager to sample all she has to offer. As befitting a craft of this size, now you can accommodate and pamper extended family in true comfort and style.

Naturally, being Riviera, they will be treated to an enviable degree of refined luxury in your third bedroom option - the starboard twin stateroom.

Your guests will discover adult-sized upper and lower beds, LED reading lights, stunning Riviera cabinetry including a cedar-lined hanging locker with LED lighting and drawer storage ... and completing the luxury experience, the twin stateroom's own home theatre with stereo and iPod interface.

Here, as with all three levels of this ultimate escape craft, the sophisticated Riviera brand of 'luxury meets practicality' inspires and enchants.

Of course, as proud owners and hosts, it’s not only your guests who are impressed...
THE POWER AND TECHNOLOGY ARE YOURS

The Riviera 57 Enclosed Flybridge allows owners to select their personal preference of either pod-drive or conventional shaft-drive propulsion to suit their specific geographic regions.

There are three choices for a drive package for the 57:

**Pod drive options**

Volvo Penta D11-IPS950 system with twin D11 engines and IPS20 pod-drives (2 x 533kW/727hp)

— Includes low-speed mode, Dynamic Positioning System, Auto Pilot, Active Corrosion Protection, twin lever electronic controls at the helm and joystick controls at the helm and in the cockpit as well as 3 x 17-inch Glass Bridge touch-screens

Volvo Penta D13-IPS1200 system with twin D13 engines and IPS30 pod-drives (2 x 662kW/900hp)

— Includes low-speed mode, Dynamic Positioning System, Auto Pilot, Active Corrosion Protection, twin lever electronic controls at the helm, joystick controls at the helm and in the cockpit as well as 3 x 17-inch Glass Bridge touch-screens

**Shaft drive options**

CAT shaft-drive package with twin C12.9 engines
(2 x 735kW/1000hp)

— Includes twin lever controls, bow thruster, Quickshift gearboxes that are freshwater-cooled, (3x) 16” Garmin Multi-Function Display screens and Auto Pilot.

WINDOW TO THE FUTURE

State-of-the-art touch-screen navigation systems very much confirm Riviera's commitment to enhancing your time aboard.

The blend of technology, dependability and easy-to-use functionality places the Riviera 57 Enclosed Flybridge at the very forefront of world-class recreational motor yachts of this size.

Volvo Penta's Inboard Propulsion System (IPS) offers easy joystick maneuverability, Dynamic Positioning System for station-holding while preparing lines and fenders or while waiting off a fuel jetty, as well Anti-Corrosion Protection and Auto-Pilot.

However, Volvo Penta’s Glass Cockpit takes the overview and control of engines and navigation, including optional charts, sonar and radar (even auto-pilot) to extraordinary new heights...and all in one place.

It even extends to auto-trimming and full joystick steering whilst under way, as well as the outstanding maneuverability of SportFish mode, and the clean presentation of bait using the bypass exhaust features of Clear Wake.

The shaft-drive 57 Enclosed Flybridge models — also with touch-screen navigation features — have twin controls operating bow and stern thrusters both at the helm and aft flybridge docking station, as well as Electronic Vessel Control (EVC) levers integrating with cruise control, low-speed mode and single-lever mode.

Courtesy of the QuickShift gearboxes, owners of the 57 Enclosed shaft-drive models with CAT C12.9 engines also have the choice to incorporate Twin Disc’s Express Joystick System (EJS) which smoothly and simultaneously actuates and controls engines, transmissions, propellers and thrusters, enabling a skipper to easily, precisely and confidently manoeuvre the yacht in challenging docking situations.
**THE RIVIERA ADVANTAGE**

Riviera is continuing to lead the luxury motor yacht market and proudly stands behind the easy-to-use systems onboard its world-class designs.

A 5-year limited warranty on all Volvo Penta systems is now standard with every new Riviera and covers Volvo Penta helm stations, steering and propellers as well as major componentry of their high performance drivelines and fuel-efficient engines.

Available worldwide, this extended warranty complements the Riviera 5-year limited structural warranty and will provide even greater peace of mind for our valued Riviera boating family members.

Riviera Family members enjoy exclusive invitations to fun-filled social and boating education events, inspiring cruising experiences as well as special offers on genuine parts, electronics and our premium Riviera lifestyle collection.

---

**CZONE SIMPLICITY**

The fully integrated CZone digital switching system enhances the ease of monitoring and operation of the Riviera 57’s onboard systems including tanks, and extends centralised, touch-screen control to lighting, pumps, batteries, entertainment systems and appliances.

CZone allows owners to operate multiple circuits at a single touch, energising all lighting and electrics depending on your requirements. It comes pre-programmed with three modes — “entertaining”, “cruising” and “dock unattended” — and these modes can be customised to suit your requirements so the system works exactly the way you want it to.

Other user-friendly features include interior light-dimming, timer controls, automated circuit control, wiper speed and wash functions. There’s also a “service” mode that shuts down all power and systems.

Based on industry-proven Controller Area Network (CAN) technology, the CZone system offers DC and AC switching and over-current protection. Full systems monitoring (with alarms) including AC voltage, current, frequency and kilowatts, DC voltage, current and remaining battery capacity, along with fluid tank levels and indication for systems in operation, is all clearly displayed on the 3.5-inch touchscreen at the helm and 10-inch colour control screen at the saloon entrance.

There’s also the option of additional iPad connectivity, so you can control CZone from anywhere onboard your yacht.

---

**IMPECCABLE PEDIGREE**

The confident poise of the 57 Enclosed Flybridge is just as evident offshore as it is at anchor — her solid and robust hull with keel is the evolution of our rich 37-year heritage of building over 5200 world-class luxury motor yachts that are proven in the often challenging Australian offshore conditions.

Every Riviera built at our world-class facility on Australia’s Gold Coast combines superior-strength hand lay-ups with a watertight collision bulkhead forward and independent compartments throughout the hull.

Our legendary build quality also features vinylester resin in the outer layer of lamination to increase the ability to withstand water absorption. An isophthalic gelcoat exterior provides an impeccable and hard-wearing surface finish.

From the waterline down, the hull is solid GRP with reinforced bottom, keel and chines. Structural core material is used in the hull flanks, main deck and hardtop, while precisely fitted, lightweight resin transfer-moulded small parts have a double-sided gelcoat finish and are pre-fitted for a perfect seal when all major components are bonded together.

Riviera only uses 316 marine grade stainless steel in all our exterior fastenings. All stainless steel rails feature ground and polished welds to ensure a consistently smooth and mirror finish.

Our designers have also placed a firm focus on convenient access to every key maintenance point so any issues can be quickly identified and addressed, and service costs are kept to a minimum.
ENGINEERING EXCELLENCE

The flow-coated engine room, with acoustic and thermal insulation and LED lighting, can be accessed through a hatch in the 57 Enclosed Flybridge's cockpit mezzanine floor which, even when open, maintains walk-through access to the saloon.

An advanced mist elimination system with veins draws moisture from the air and feeds directly overboard. All onboard drains including air-conditioning compressors feed into the common drain lines located on either side of the yacht and drain aft. Four automatic bilge pumps with manual override are located at various points throughout the hull and pump directly overboard.

There's even plenty of space for a gyroscopic stabiliser down here — another example of how Riviera is always ready to embrace innovations that make boating even more enjoyable.

ELECTRICAL EXCELLENCE

All batteries aboard the 57 Enclosed Flybridge are maintenance-free and are individually housed in special battery boxes in accordance with American Boating and Yacht Council (ABYC) standards, as well as the European Union's CE conformity mark, which incorporates the International Organization for Standardization's ISO guidelines.

The 57 Enclosed Flybridge includes six house batteries, self-monitoring Mastervolt charging system, plus dedicated engine alternators for each battery bank.

Additionally, 24-volt house power with house battery bank measuring 675Ah AGM allows for simpler charging, lower current draw and smaller cables, providing reduced weight when compared to equivalent 12-volt systems.

The 57 Enclosed's standard Mastervolt AC-DC inverter (5kW 230V 50Hz/4kW 110V 60Hz) provides power to the icemaker, entertainment systems and all outlets onboard, ensuring watching television while relaxing quietly at anchor or in a marina is whisper-quiet.

LED lights also provide trouble-free boating while reducing electrical current draw. The lamps use less than 10 per cent of the power required to run a bulb lamp — no bulbs mean no maintenance and long service life.

Additionally, Residual Current Device/Ground Fault Circuit interrupter (RCD/GFCI) protection is installed throughout the entire yacht and complies with stringent international standards for safer boating.

FEATURES, INCLUSIONS AND OPTIONS

**Electrical Overview**

- Battery banks individually isolated with paralleling for emergency engine starting in the event you are faced with a flat start-battery bank
- Dedicated start-battery bank for each engine with auxiliary bank to start generator, includes independent trickle battery charge to each bank
- Digital DC circuit control and protection incorporating 'intelligent' operation with user programmable usage modes, timer circuits, light dimming and circuit bypass, operational via conventional switches, signal set points as well as LCD display modules
- Digital monitoring system including AC and DC power metering, fluid tank level monitoring and DC circuit status via colour 10” LCD touchscreen display at saloon entry and 3.5” LCD display at helm
- Engine monitoring including instrumentation, alarms, and hour meters
- Double AC power outlets to all staterooms, heads, galley, saloon, flybridge and engine room. All outlets RCD protected
- Generator — Onan 17.5kW (75Amp) 50Hz with water-separating muffler, fresh-water-cooled, including sound shield, remote stop/start and hour meter
- Inverter — 5kW integrated into power command system with generator for AC supply to audio visual systems, icemaker and all GPOs
- Shore power electrical inlet, 1 x 32Amp 3-phase primary connections and 1 x 15Amp auxiliary connection to supply essential services in the absence of 32A shore power
- Shore power leads — 1 x 5-pin 32Amp, 1 x 3-pin 15Amp.
- Vessel voltage — 230VAC 50Hz
- International standard LED navigation lights
- Wiring coded, numbered and assembled in looms where possible to ensure trouble-free maintenance and repairs

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.
FEATURES, INCLUSIONS AND OPTIONS

Engineering Overview

- All through-hull fittings on or below the waterline fitted with ball valves, all hoses double clamped
- All metallic fittings below the waterline are bonded to zinc anodes, including galvanic isolators
- Four bilge pumps with manual override
- Emergency shut-off valves accessed from outside engine room
- Anti-vibration engine mounts
- Engine room access via stainless steel ladder
- Engine room flow-coated in white
- LED lighting in engine room
- External and internal seawater strainers for main water intakes in engines, generator and air conditioning
- Fire suppression system for engine room with automatic and manual controls
- AC freshwater heater
- AC freshwater primary pump powered off inverter
- DC freshwater secondary pump independently switched as backup
- Pressurised freshwater system with dual water tanks and a total capacity of 750 litres (381 US gallons)
- Freshwater tap and hose set in engine room
- Dual fuel filters and water separator for engines and generator to main engines
- Fuel level indicator at helm and manual site gauge fitted to each wing tank
- GRP fuel tanks with a total capacity of 4040 litres (1067 US gallons)
- Oil change system to main engines and genset
- Sanitation system including monitoring panel with pump-out controls at the helm for overboard pump-out and deck fitting for dock-side pump-out

THE RIVIERA WARRANTY

Limited Express Warranty

Riviera Australia Pty Ltd. A.C.N. 139 663 906 (Riviera) makes this Limited Express Warranty (Warranty) to the original retail purchaser of a vessel manufactured by Riviera, provided the vessel is purchased from an authorised Riviera dealer and said first retail purchaser registers this Warranty with Riviera within 30 days of the purchase. This Warranty is the only warranty provided by Riviera, express or implied, with respect to any vessel manufactured by Riviera.

Five Year Limited Structural Warranty:

Riviera warrants to the first retail purchaser that for five (5) years after the date of delivery to the first retail purchaser, and for the period before it is delivered to the first retail purchaser, that the hull, deck, flybridge and hardtop shall be free from structural defects due to material or workmanship, under normal non-commercial use, that result in any delamination or separation of the stringers or composite structure. A structural defect includes the following:

- structural failure of the fibreglass hull, deck, flybridge and hardtop
- structural failure of any parts glassed onto the above components, or
- structural failure of the joints between any of the above components.

The structural warranty does not apply to the following:

- A water leak through the joints between the hull, deck, flybridge and hardtop
- Fibreglass small parts failures
- Parts that are not manufactured by Riviera;
- Interior failures, window or hatch failures
- Damage resulting from misuse, abuse, negligence, improper docking, alteration, vandalism, accident or lack of performance of normal maintenance
- Any charges incurred by any vessel returned to the factory, dealer or authorised agent for inspection prior to authorisation of warranty repairs
- The cost of removal or reinstatement of a part, or disassembly or reassembly of the unit of which it is a component
- Heat and/or sun damage to the hull and/or gelcoat on hulls that are painted a dark colour
- Owners other than the first retail purchaser, or in relation to the hull only, subsequent owners to whom the structural warranty of the Hull has been validly transferred in accordance with this Warranty
- Any vessels sold to the first retail purchaser by anyone other than a Riviera dealer listed on www.riviera.com.au on the date of the purchase (Authorised Riviera Dealer), or
- Any item which Riviera has not been notified of within thirty (30) days of the issue becoming apparent.

The above list is not intended to be exhaustive and Riviera may, at its absolute discretion, elect to refuse any warranty claim whatsoever.

Please refer to your Riviera and Belize dealer for specific warranty cover.
Electronics play an ever-increasing role in maximising the pleasure and safety of luxury motor yachts, and the choice of equipment that is available today is vast. Selecting the equipment that meets your needs can be a very challenging task — and Riviera’s electronics experts are here to assist. We source the best systems from around the world, we help match technology to individual requirements and work closely with Riviera’s international dealer network to create systems that maximise your boating pleasure.

Our passion for quality and practical design is reflected in our exclusive and growing range of clothing, accessories and décor items created to enhance your time afloat. If you love your Riviera, you’ll feel right at home with the Riviera Collection — an extensive range of casual, stylish, comfortable, practical equipment, clothing and accessories. The Accessory and Décor collection ranges from storm jackets to stylish crockery. To make your Riviera truly your own, we offer a wide range of fabrics, finishes and colour schemes that enable you to customise your yacht. Of course our experienced design team is always available to advise and assist you with your individual selection.

RivieraParts.com.au

There’s nothing quite like the exhilaration of blue-water cruising in company to remind our valued owners why they are so passionate about the rich and rewarding Riviera luxury life afloat. For these are the types of passages that build the confidence and skills for people to use their yachts to their full potential, that create the very special memories that last a lifetime, and, importantly, are often the catalyst for long-lasting friendships. Together, members of our growing global family of Riviera and Belize owners enjoy many special cruising experiences to idyllic destinations around the world — safe in the knowledge that experienced skippers and engineers are always close at hand.

Our global cruising events calendar takes in all states of Australia, New Zealand, the east and west coasts if the United States, the Bahamas, Asia, Europe and the Middle East. We invite you to join with us for these special experiences — either to stretch your sea legs and gain offshore cruising confidence, or to simply enjoy the company of like-minded people who share an appreciation for the truly unique Riviera life.

* Specifications may vary on a regional basis.

---

**RIVIERA SPECIFICATION CLARIFICATION**

* Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (i.e., the moulded length of the hull). It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, (eg. pulpits, outdrives, driving platforms, rubbing strakes).

** Dry weight represents the estimated minimum weight of a yacht with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.

*** Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to yacht trim and sea state. Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.

Please refer to your Riviera Owner’s Manual and your Dealer for height to hardtop and maximum height details.

The specifications in this document are not complete or definitive and therefore may not be current. Riviera will not be liable (in contract or otherwise) for any loss resulting from the inaccuracy or currency of any information contained in this document. Specifications may vary with time and by region. Some images in this brochure may include non-standard or after-market options. Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.
